# ABOUT EAGLE'S WINGS VIRTUAL CHARTER SCHOOL

## Welcome!

Eagles' Wings Virtual Charter (EWVC) is a unique virtual charter school that takes the best of virtual learning and combines it with the best of a small, quality school community.

EWVC is for serious students who want to excel in school. It is unique because of its three components:

## FLEXIBILITY

Flexible internet options with Fueleducation and Connections Academy with "the new power for learning" leading the way with multiple 4K thru Grade 12 options.

Flexible schedule options exist including time of day and throughout the school year.

## EAGLE-TIME

Eagles' Wings students are invited to experience an optional weekly Eagle-Time at Solon Springs School. Students will connect with other Eagles' Wings students. Mentoring help will be provided along with enrichment activities.

Students may also register for some traditional classes and will have the option of participating in various school clubs and extra-curricular activities.

## UNLIMITED

Each student will also have a local Learning Coach who will work to support successful learning in an almost unlimited number of courses.

All are taught by Wisconsin certified teachers. The number of courses available is almost **UNLIMITED!**

## Who May Attend?

Eagles' Wings is open to any resident or non-resident student who wishes to be involved in a uniquely challenging educational environment that allows **FLEXIBILITY** in when, what and how learning takes place.

Eagles' Wings emphasis on *Eagle-Time* allows for students to interact with other students and some regular school activities. To ensure high levels of success, *Unlimited* learning will help students stay on track to succeed:

### High School Students

### Looking to Really Excel?

The Solon Springs School District encourages students to take 18 college credits thru Youth Options while attending school. Eagles' Wings students will have the same opportunity thru the use of the different online networks, Wisconsin Virtual School (CESA 9), and other college options.

A college credit plan can be developed to meet the specific academic interests of students.

### Home-Based Options

Home-based education has flourished over the years, with many great options open to parents and students.

Eagles' Wings provides another option with flexibility. Consider enrolling full or part-time.

Also, options exist for earning a Wisconsin high school diploma, especially for students who have participated in Home-Based schooling for years.

#### *Solon Springs Schools:*

*"We are an inviting, caring, family environment that challenges students to meet the highest expectations with pride and honor, while partnering with our communities to engage ourselves in the learning process."*
