## **FOREWORD**

This student handbook was developed to answer many of the commonly asked questions that students and parents may have during the course of a school year. This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and Solon Springs School District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior student handbook.

**Because the handbook also contains information about student rights and responsibilities, each student is responsible for knowing its contents.** Please take time to become familiar with the following information and keep the handbook available for your and your parents' use. It can be a valuable reference during the school year and a means to avoid confusion or misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact Mrs. Holly Jones, Principal, who you will find listed in the Staff Directory section of the handbook. This handbook supersedes all prior handbooks and other written or oral statements regarding any item in this handbook.

This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the District. If any of the policies or administrative guidelines referenced herein is revised after September, 1, 2022, the language in the most current policy or administrative guideline prevails. The current policies and guidelines are available on the District's website.

If a person wishes to confer with a member of the staff, she/he should call for an appointment prior to coming to the school in order to prevent any loss of instructional time.

## **STUDENT VISITORS**

Due to the importance of education at the elementary level, we feel that the presence of student visitors may be disruptive to the classroom. Therefore, no student visitors will be allowed at the elementary school.

## **RELEASE OF STUDENTS TO AUTHORIZED PERSONS**

If only one parent is permitted to make educational decisions or to approve absences of the student by Court order, the responsible parent shall provide the school with a copy of the Court order. Absent such notice, the school will presume that the student may be released into the care of either parent. No student who has a medical disability which may be incapacitating may be released without a person to accompany him/her. No student shall be released to anyone who is not authorized by a parent with authority to do so.

## **EQUAL EDUCATION OPPORTUNITY/ANTI-HARASSMENT**

***Nondiscrimination Statement: The Solon Springs District is committed and dedicated to the task of providing equal education opportunities and the best education possible for every student in the District. No student shall be denied admission to any public school or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, student services, recreational or other program or activity because of the student's sex; race, age, religion, color, national origin, ancestry, creed, pregnancy, marital or parental status or physical, mental, emotional, or learning disability. In determining qualifications for participation, all students shall be judged against the same predetermined qualifying standards in a manner that is fair and objective.***

It is the policy **(5517)** of the District to provide an equal education opportunity for all students. The right of a student to be admitted to school and to participate fully in curricular, extra-curricular, student services, recreational or other programs or activities shall not be abridged or impaired based on the traits of sex (including transgender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as “Protected Characteristics”) or other protected characteristics as well as place of residence within District boundaries, or social or economic background.

Students who have been identified as having an impairment or disability under Section 504 of the Rehabilitation Act or the Americans with Disabilities Act shall be provided with appropriate educational services. Parents who have questions should contact Dr. Jessica Golburg, Director of Special Education.

Any person who believes that the Solon Springs School District or any staff person has discriminated against them in violation of this policy may file a complaint. A formal complaint can be made in writing to a School Compliance Officer listed below:

If submitting a complaint by mail, please send to an above officer at the following address:

Solon Springs School District  
% Dale Rajala **OR** Holly Jones  
8993 E Baldwin Ave.  
Solon Springs, WI 54873

The complaint procedure is described in Board Policies **(2260)** and **(5517)**. The policies are available on the District’s web page or by calling the school office at 715-378-2263, ext. 201.

Due to the sensitivity surrounding complaints of harassment, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) calendar days of the complaint being received).

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under Policy **(5517.01)** - Bullying and not Harassment under this Policy, because the conduct at issue is not based on a student’s Protected Characteristics, the investigator shall transfer the investigation to the Dean of Students and/or Principal.

Under no circumstances will the District threaten or retaliate against anyone who raises or files a complaint.

Solon Springs School is committed to an educational environment that is free of harassment of any form. The school will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the school district community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

## **HARASSMENT**

**Harassment means...** behavior toward a student or group of students based, in whole or in part on the traits of sex (including transgender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as “Protected Characteristics which substantially interferes with the student’s school or academic performance or creates an intimidating, hostile or offensive school environment. Harassment may occur student-to-student, student-to-staff, staff-to-student, male-to-female, female-to-male, male-to-male, or female-to-female. Examples of conduct that may constitute harassment include:

- graffiti containing offensive language;
- name calling, jokes or rumors;
- threatening or intimidating conduct directed at another because of the other’s protected characteristic (e.g., sex, race, learning disability);
- Notes or cartoons;
- Slurs, negative stereotypes, and hostile acts which are based upon another’s protected characteristic;
- Written or graphic material containing comments or stereotypes which is posted or circulated and which is aimed at degrading individuals or members of protected classes;
- A physical act of aggression or assault upon another because of, or in a manner reasonably related to, the individual’s protected characteristic; or
- Other kinds of aggressive conduct such as theft or damage to property, which is motivated by a protected characteristic.

## **SEXUAL HARASSMENT**

Sexual harassment deserves special mention. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education; or

- B. Submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education; or
- C. That conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile or offensive educational environment.

Sexual harassment may include, but is not limited to:

- A. unwelcome verbal harassment or abuse;
- B. unwelcome pressure for sexual activity;
- C. unwelcome, sexually motivated or inappropriate patting, pinching or physical contact, other than necessary restraint of students by teachers, administrators or other school personnel to avoid physical harm to persons or property;
- D. unwelcome sexual behavior or words including demands for sexual favors, accompanied by implied or overt threats concerning an individual's educational status;
- E. unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's educational status; or
- F. unwelcome behavior or words directed at an individual because of their sex or sexual orientation;

Sexual harassment examples include, but are not limited to:

- Repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;
- Rating a person's sexuality or attractiveness;
- Staring or leering at various parts of another person's body;
- Spreading rumors about a person's sexuality;
- Letters, notes, telephone calls, social media, or materials of a sexual nature; and
- Displaying pictures, calendars, cartoons or other materials with sexual content;
- A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

It is also the policy of the School that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the school, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student. An inappropriate boundary invasion by a District employee or other

adult member of the School District Community into a student's personal space and personal life is sexual harassment.

**If you wish to report harassment, please contact one of the Complaint Coordinators listed above.**

A copy of the school's Anti-Harassment Policy, including the reporting, investigation, and resolution procedures, is available on the school website or in the school office.

## **BULLYING**

**Bullying means...** a person willfully and repeatedly exercising power or control over another with hostile or malicious intent. Bullying can be physical, verbal, electronically transmitted, psychological (e.g., emotional abuse), through attacks on the property of another, or a combination of any of these. Examples of bullying include:

- Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated.

If the investigation finds that aggressive behavior has occurred, it will result in prompt and appropriate discipline, co-curricular sanctions and/or disciplinary action up to and including suspension or expulsion. Individuals may also be referred to law enforcement officials.

## **INDIVIDUALS WITH DISABILITIES AND LIMITED ENGLISH PROFICIENCY (ELL)**

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

The district is committed to identifying, evaluating, and providing a free appropriate public education ("FAPE") to students within its jurisdiction who are disabled within the definition of Section 504 of the Rehabilitation Act. To inquire about Section 504 evaluations and accommodations plans, a parent should contact the District's Section 504 Coordinator, listed below.

A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in this procedure is generally required. More importantly, the school encourages parents to be active participants. To inquire about Special Education programs and services, a parent should contact:

Jessica Golburg  
Director of Special Education  
Section 504 Coordinator  
715.378.2263 ex. 209  
jgolburg@solonk12.net

Services are also available to students with Limited English Proficiency (ELL). To inquire about programs and services, a parent should contact the School Counselor.

## **ARMED FORCES RECRUITING**

The School must provide at least the same access to the high school campus and to student directory information as is provided to other entities offering educational or employment opportunities to those students. “Armed forces” means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent of a student submits a signed, written request to the Board that indicates that the student or the parent does not want the student’s directory information to be accessible to official recruiting representatives then the school officials of the school shall not allow that access to the student’s directory information. The Board shall ensure that students and parents are notified of the provisions of the opportunity to deny release of Directory information. Public notice shall be given regarding the right to refuse disclosure to any or all “directory information” including in the armed forces of the United States and the service academies of the armed forces of the United States.

## **STUDENT RECORDS**

The origination and maintenance of appropriate student records are essential to the effective operation of the District and meeting the educational interests of students. The rights and responsibilities of students, parents and the District with respect to student records are governed by State and Federal law. Many student records are kept by teachers, counselors and administrative staff. There are two (2) basic kinds of student records – directory information and confidential records.

Directory information can be given to any person or organization for non-commercial or non-business purposes when requested, unless the parents of the student object in writing to the disclosure as required under school policy and State and Federal law. Directory information generally includes those student records which identify a student’s name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, date of graduation, photographs, name of school most recently previously attended and degrees and awards received. Directory information also includes a student ID number, user ID, or other unique personal identifier used by the student when accessing or communicating in a district’s electronic systems, if, standing alone, it cannot be used to access student education records, (i.e. a pin number, password, or other factor is also needed).

Student records are generally considered confidential under State and Federal law and may not be released to third parties unless the student’s parents consent in writing. However, there are exceptions to confidentiality, and requests for records within these exceptions may be granted without a parent’s written consent. If you have questions about the confidentiality of student records and/or the release of student records to third parties, consult the Board’s Policy 8330 – Student Records and associated Administrative Guidelines.

Parents and students are reminded of: 1) their rights to inspect, review and obtain copies of students records; 2) their rights to request the amendment of the student’s school records if they believe the records are inaccurate or misleading; 3) their rights to consent to the disclosure of the student’s school records, except to the extent State and Federal law authorizes disclosure without consent; 4) the categories of student record information which have been designated as directory information and their right to deny the release of such information; and 5) their right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;
- B. mental or psychological problems of the student or his/her family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact Linda Parker to inspect such materials.

## **STUDENT ASSESSMENT**

To measure student progress, students will be tested in accordance with State standards and District policy.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Vocational and interest surveys may be given to identify particular areas of student interest or talent. These are often given by the guidance staff.

Depending on the type of testing, specific information and/or parent consent may need to be obtained. The assessment program will not violate the rights of consent and privacy of a student participating in any form of evaluation.

College entrance testing information can be obtained from the Guidance office.

## **CLASSROOM DIVISION**

Classroom division is done randomly by administration after taking into account special education and other program needs and caseloads. The random process is done to assure a balance in the various classrooms and to make as equal as possible the numbers of males and females in each classroom. Parents may make requests, but they are not guaranteed.

## **RETENTION POLICY**

If a student has failed to meet the requirements of promotion to the next grade level, he/she may be retained using the following procedure:

1. A determination for retention made by the child's classroom teacher.
2. If retention is recommended, a report will be given to the principal on the reasons for the retention.
3. The principal may ask for another staffing with the student involved.
4. A meeting will be held with the teacher and parents. This meeting is to inform the parents of the child's failure, the teacher's recommendation and the parents' alternatives.
5. Parents have the right to appeal the retention to the Superintendent of schools. Appeal must be filed within two weeks of notification of retention.

## **WITHDRAWALS AND TRANSFERS**

Students withdrawing or transferring from Solon Springs Elementary School should contact the office to secure the necessary forms and protocols.

## **GENERAL CONDUCT**

We rely on positive role models, appropriate class and extracurricular activities and parental/family support to promote good behavior. When those methods fail, we are forced to take actions such as detention, suspension and in extreme cases, expulsion along with other actions to promote good behavior.

These are general areas where we expect good student conduct. It is important for each student to:

1. Spend class time seriously. Contribute when possible. Allow others to contribute and work. Be on time. Listen and learn. Complete assignments.
2. Politely follow instructions and requests of our teachers and staff.
3. Respect each student. Talk to them as another human being. Keep his/her hands off others. Public display of affection will not be tolerated.
4. Use quiet areas including the IMC in the way we intend them to be used, quietly.
5. Observe etiquette in the student dining room. This includes eating while seated, talking in a normal voice, and not throwing food.
6. Language - profanity and language inappropriate to an educational setting is prohibited. It will not be tolerated. It is disrespectful of others.
7. Pushing, punching, kicking, and general horseplay is not tolerated.

You are also responsible for other rules set by teachers in their classroom. These rules apply at all times both inside and outside the building. Students will be taught through out Positive Behaviors Intervention and Support protocols (PBIS) at the beginning of the year and returning in January. Please review the following as a family:

## **FIRE DRILLS**

Signal: Fire drills are signaled by the operation of the fire buzzer which sounds until the building is entirely cleared.

Behavior: No talking is permitted in fire drill lines while leaving the building. In the event of a real fire, talking might prevent you from hearing instructions. This can endanger lives. Students are to walk, not run.

Correct Procedure: Students must leave the classroom and building as quickly and orderly as possible. Doors and windows must be closed. Proceed in a double line from the classroom to the exit that your room has been instructed to use.

ReEntry: The all clear signal will permit teachers to signal students to return to their assignments.

## **HALL CONDUCT**

1. While classes are in session, students are not to be in halls without permission.
2. Keep to the right in halls during the changing of classes.
3. Be careful of sharp objects and injury to yourself and other students.
4. Walk at all times. Do not run in the halls.
5. Good manners and consideration for others will ease traffic in crowded hallways.

## **CAFETERIA CONDUCT**

The cafeteria, besides being a lunchroom, is also a place where good human relations can be developed. Here each student is expected to practice the general rules of good manners. Students should pick up after themselves and clean any messes that occur. Both hot and cold lunches will be eaten in the cafeteria or otherwise as instructed by the classroom teacher.

## **RECESS AND PLAYGROUND CONDUCT**

We feel that recess and playground activities are an important part of every child's school experience and we expect all children to participate. We hope that with this in mind, as the seasons change, your child is sent to school dressed properly for the weather conditions. Children who are not dressed properly for outside will report to the supervised detention area. Parents will be notified by phone. Under severe weather conditions all children will be instructed to stay indoors. Usually, you can expect that the children will be going outside to play at noon and recess. If your child is experiencing a specific health condition that requires staying indoors, you should send a specific note EACH DAY so the teacher may make an exception, otherwise all children will be expected to participate.

We encourage parents to review the playground rules with their children. These rules have been written for the safety of the Solon Springs Elementary students. Non-compliance with rules may result in disciplinary action.

### BE SAFE...

- Use equipment properly and return to the proper spot when done with it.
- Picnic tables are used the same way we use the cafeteria tables. We are not standing on them and jumping off.
- Have safe hands and feet at all times
- Be a good friend and check the buddy bench.
- Know your surroundings: keep an eye out for others around when throwing balls, etc.
- Rules in detail/additional things to mention....
- Do not throw/kick snow, wood chips, sand, or rocks.
- We use the slide the way it was intended - Go down the slide!

### BE RESPONSIBLE...

- Wear the appropriate clothing. The window by Mrs. Nordness will tell you what you need to wear.
- Solve problems peacefully or find help from an adult
- Return school property
- Dress appropriately
- Report any broken or missing equipment to an adult.
- Rules in detail/additional things to mention....

### BE RESPECTFUL...

- Follow the rules and play nice
- Be kind and include others
- Listen to adults
- In winter, sleds are only for gym class.

## **TARDINESS**

The bell tone will determine tardiness. At 8:25 a.m., students need to be in their classrooms, (*BE HERE & BE READY*). Students less than 10 minutes late for class will be considered tardy. **Students arriving late to school are required to report to the office with a parent contact.**

## **EARLY DISMISSAL**

No student will be allowed to leave school prior to dismissal without a written request from the parent/guardian that on file in the school office or the parent coming to the school office to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a permission note signed by the custodial parent(s) or guardian.

## **STUDENT PICK UP - REPORT TO THE OFFICE**

All persons arriving at school to pick up an elementary student before the end of the school day **must report to the office in person and remain in the office area;** this is for your own protection. Picking up students before the end of the school day will constitute the student being absent during the time missed. All guests must ring the buzzer and come to the office. Parents are not allowed to proceed to classrooms without permission.

## **TELEPHONES**

The telephone in the office area is for the use of school personnel for school business. We ask you to discourage your child from using it and encourage them to take care of personal matters before they leave home or upon return. A little pre-planning will save a lot of confusion at school. We try to limit use of the telephone by students to emergencies only. Elementary students are not allowed to have cell phones at school. If they need to bring it for an approved reason, the student will need to check it into the office at the start of the school day.

## **INJURY AND ILLNESS**

If a student is injured in school, it should be reported to the teacher and principal immediately. If illness necessitates, obtain permission from the teacher to report to the medical screener's office.

## **ABSENCES - EXCUSES - TRUANCY**

- Teachers will report absences every hour. Any teacher having a student report for class tardy after having been marked absent shall have that student notify the office of the tardiness immediately. Necessary investigation will be made to determine the legitimacy of absences.
- **All absences other than illness or emergency must be pre-arranged by phone, email, or written note.** Failure to prearrange absence will result in the absence being recorded as unexcused.
- Parents and guardians have the right to excuse their student(s) for up to ten (10) days (partial or full) during the school year for any reason. These absences must be pre-approved (except for immediate illness, a call to the school is sufficient notice). Pre Approval requires a note at least 24 hours before the planned absence, longer for family trips (including hunting) where students are required to make up required work before the family trip.
- Parents may request in advance to have some portions of educational family trips be exempt from the (10) day rule. A parent who wishes to take a student on a trip that could be of educational value should submit a written statement of what activities the student will produce to demonstrate educational achievement. This request must be in writing on a form available from the principal. The request is sent to the principal for consideration. The principal's decision is appealable to the school attendance committee (The attendance committee shall consist of the principal, guidance counselor, and a grade level teacher.)
- Absences beyond 10 days for reasons within the 10 day rule are considered unexcused. The principal will review cases exceeding 5 unexcused days in a semester. A student may attend an after school tutoring session prior to or after the absence to complete coursework and assignments missed on other school related projects. A student may also attend two noon hour supervised work periods. A student, who successfully completes all assignments, attends one after school tutoring session or two noon hour supervised work periods, will have the absence listed as excused rather than unexcused. Attendance at the after school or noon hour sessions must be completed within 5 school days of returning from the absence.
- Some absences are not included in the 10 day rule but are also excused. A listing is provided below. Some absences are always viewed as unexcused, and a listing is included.

Unless a student successfully attends an after school tutoring session or two noon hour supervised work periods. Parents should also write notes for the excused absences that are not included in the 10-Day Rule list. (See above list) **Exceptions:** All starred excused absences listed above require a note from an outside professional. Students with 5 or more unexcused absences in a semester may be referred for truancy. Students who are absent with parental consent, but whose absence does not fall under the excuses listed above will be considered unexcused. Parents or guardians have the right to petition the attendance committee to recognize excused absences not covered in this policy. All such requests must be made in writing and submitted to the principal in advance on a form that will be provided by the high school office. Requests will only be granted if it can be established by the committee that exceptional or worthwhile circumstances exist. The attendance committee shall consist of the district administrator, guidance counselor, director of pupil services/special education and the lead elementary teacher. Three of these five members will meet on any request.
- Students are encouraged to present notes to the office on absences that can be anticipated in advance, and to contact their teachers regarding makeup work in advance whenever possible.
- Students must check in at the office prior to leaving school and upon returning from an absence using the office sign in sheet.

- If the absence had an adverse effect upon the academic success of the student, the student and parents must accept full responsibility for the grade.

## **HUNTING POLICY**

Upon proof of intent to hunt (student has to show hunting license made out in his/her name) and verified (by phone call) parental note requesting student to miss school days, the student will be excused from school for up to three (3) days. Students should collect assignments to be missed from teachers before leaving. It is the student's responsibility to turn in all work on a timely basis. Students excused from school for deer hunting may be eligible for extracurricular activities. Students will abide by all practice times and meeting times set by an advisor or coach during the absence from school or be subject to consequences set by advisor or coach.

## **MAKE UP WORK**

All students will be given the opportunity to make up work missed in accordance with the following guidelines:

1. It is the student's responsibility to contact the teachers to make arrangements for making up work missed during an absence from school.
2. Students will be granted the number of days absent plus one (1) for make up time. This provision applies to all work assigned during the absence.
3. Examinations missed during an excused absence will be permitted to be taken at any time within the make up period upon agreement with the teacher.
4. Incompletes must be made up within 2 weeks from the last day of the quarter or the missing work will revert to an F and a grade will be assigned.

It is the teacher's right to deny daily work that was due or assigned during an unexcused absence.

Pre-approved trips are allowed no more than 5 days after returning to turn in work.

## **PARENT'S RESPONSIBILITY**

- A. When a student is absent, his/her parents or guardian must call the school by 9:00 a.m. of the day of the absence and provide the reason for the absence, or provide a written note within 24 hours unless the school was notified in writing by the parent in advance of the absence. In either case, the student must report to the office upon returning.
- B. Verification of the student's absence must include the day(s) of absence and the reason for the absence.
- C. Students leaving early due to injury or illness must be signed out in the office by parent/guardian or a person listed on the emergency sheet. All students must have a current emergency slip in the office.

## STUDENT RESPONSIBILITY

It is the responsibility of the student to sign out of the office before leaving and sign in at the office upon return. Admit slips must be obtained from the school office before school on the day returning to classes for any absence. Students are responsible for arranging all make up work in accordance with the section below. If absences have an adverse effect upon the academic success of the student, the student and parents must accept full responsibility for the performance.

## SCHOOL RESPONSIBILITY

### Identification of Truant Children and Returning Them to School

The building principal at each of the district's schools is designated to deal with matters relating to school attendance and truancy. The "School Attendance Officer and/or Building Principal" of each school shall determine daily which pupils enrolled in the school are absent from school and whether that absence is excused.

Excused absences have been previously defined.

Habitual Truant Defined. For purposes of this ordinance a "habitual truant" means a pupil who is absent from school without an acceptable excuse under Wis. Stats. 118.15 for the following:

**Part or all of 5 or more days on which school is held during a school semester.**

### Notifying Parents or Guardians of Habitually Truant Students

Parents should expect letters from the principal before habitual truancy is established.

The principal shall notify the parent or guardian of a child who has been habitually truant. Habitual truancy notice must be done by registered or certified mail when the child initially becomes habitually truant. Included in the letter are the following items:

1. Statement of parent's responsibility to ensure child's attendance.
2. Statement that parents or child may request program or curriculum modifications for child and child's potential eligibility for child at risk program.
3. Request that parents meet with appropriate school personnel (including name of school person and date, time, and place for meeting and name, address and phone number of person to contact to change date, time or place of meeting).
4. Statement of penalties that may be imposed on parent if child fails to attend school regularly.

## **RESPONSES BY SCHOOL PERSONNEL**

- Meet with the child's parent/guardian to discuss the child's truancy or have attempted to meet with the child's parent/guardian and been refused.
- Provide an opportunity for educational counseling to the child to determine whether a change in the child's curriculum would resolve the child's truancy and have considered curriculum modifications under s. 118.15(1)(d).
- Evaluate the child to determine whether learning problems may be a cause of the child's truancy and, if so, have taken steps to overcome the learning problem.
- Conduct an evaluation to determine whether social problems may be a cause of the child's truancy, and, if so, have taken appropriate action or made appropriate referrals.

## **CASES TO BE REFERRED TO THE DISTRICT ATTORNEY**

This law allows counties, cities, villages, and towns to create ordinances prohibiting children from being habitual truants. (Ref s. 188.163(2). The juvenile court has exclusive jurisdiction over children violating such an ordinance only after the school provides evidence that activities under s. 118.316(5) have been completed. (Ref. s. 48.125(2), 118.163, 118.16(5).

## **TARDINESS**

- The bell tone will determine tardiness.
- Students arriving late to their first class are late to school and are required to report to the attendance window for a tardy slip. Excessive tardiness will result in disciplinary action. Students arriving beyond 10 minutes late to first hour will be considered absent.
- If a teacher is responsible for the tardiness, he/she should provide the student with a note, indicating the tardiness as excused.
- Attendance is checked at the beginning of each class period and when he/she has not been excused by the school office, the absence is classified as truancy. Truancy will result in disciplinary action.
- Tardies will be documented by staff in Skyward.
- Within three minutes unexcused late to class is considered tardy. Beyond three minutes is considered absent.

## **STUDENT VALUABLES**

**Students are encouraged not to bring items of value to school.** Items such as jewelry, expensive clothing, electronic equipment, are tempting targets for theft and extortion. The school cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables.

## **ADVERTISING OUTSIDE ACTIVITIES**

No announcements or posting of outside activities will be permitted without the approval of the principal. A minimum of twenty-four (24) hours notice is required to ensure that the Principal has the opportunity to review the announcement or posting.

The school has a central bulletin board located in the main entrance which may be used for

posting notices after receiving permission from the Principal.

## **SCHOOL SPONSORED PUBLICATIONS AND PRODUCTIONS**

The Board of Education sponsors student publications and productions as a means by which students learn, under adult direction/supervision, the rights and responsibilities inherent when engaging in the public expression of ideas and information in our democratic society.

### **SEARCH AND SEIZE**

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others or as otherwise permitted by law.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches.

All computers located in classrooms, labs and offices of the District are the District's property and are to be used by students, where appropriate, for educational purposes. The District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the District's computer systems, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the District retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor. A student's refusal to permit such access may be grounds for disciplinary action.

No strip searches will be conducted by any employee of the District, but may be conducted by law enforcement officials, if deemed necessary.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated.

## **SCHOOL MEDICATION RULES**

### **USE OF PRESCRIBED MEDICATIONS**

In those circumstances where a student must take prescribed medication during the School day, the following guidelines are to be observed.

- A. Parents should, with their physician's advice, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
  - a. Medication that is brought to the office will be properly secured.

- b. For each prescribed medication, the container shall have a pharmacist's label with the following information:
  - i. Student's name
  - ii. Practitioner's name
  - iii. Date
  - iv. Pharmacy name
  - v. Name of medication
  - vi. Prescribed dosage and frequency
  - vii. Special handling and storage directions.

A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

Students may carry asthma inhalers with them, but should notify the office that they have it with them.

Non-prescription medication may be administered by school personnel with written consent and instructions from the student's parent/guardian.

## **DIRECT CONTACT COMMUNICABLE DISEASES**

In the case of non-casual contact communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human Immunodeficiency Virus), Hepatitis B, and other diseases that may be specified by the Wisconsin Department of Health and Human services.

As required by Federal and State law, parents may be required to have their child's blood checked for HIV and BBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

## **SCHOOL HEALTH SERVICES**

Your child will do the best work in school if he or she is in the best possible physical condition which also affects their mental well being. The school will work with you to protect this health. The following policies have been established to accomplish this.

1. All students must have current immunization according to the following state statute (Section 140.05(16)). State law requires that all children entering a Wisconsin elementary school for the first time be immunized against diphtheria,

tetanus, pertussis, polio, measles, mumps, rubella, Hepatitis B, and chickenpox. These requirements can be waived only if a properly signed health or religious exemption is filed with the school.

2. Medication can not be given to your child at school unless it is prescribed by a physician. (See School Medication Rules.)
3. If your child should become ill or injured at school we will attempt to reach you, or the designated emergency person, to pick up your child. The school does have a health room for children who become sick in school and require a supervised quiet area until they can be picked up by their parents. If no one is available your child will remain at school for the remainder of the day. We will not send a child home to an empty house.
4. If your child should become ill with a communicable disease, please notify the Douglas County Health Department (715-395-1304) and the school. The following chart provides the incubation periods and rules regarding return to school for the more common childhood diseases.

<b><u>Disease</u></b>	<b><u>Incubation Period</u></b>	<b><u>Return to School</u></b>
Chicken pox	2-3 weeks	no temp., scabs dry
Measles	10-14 days	no temp., rash disappears
German Measles	14-21 days	no temp., rash disappears
Mumps	12-26 days	no temp., no swelling
Impetigo, Pink eye, and Ringworm	until healed	24 hours after first dose of medication
Strep Throat		24 hours after first dose of medication

5. If your child should require emergency treatment we will make every reasonable attempt to contact you. If no one is available, we will take measures to see that necessary immediate treatment is provided as per your instructions on the emergency notification sheet.

## **PHILOSOPHY ON ATHLETIC COACHING**

The purpose of this philosophy is to provide goals and direction to adults working with student athletes in the Solon Springs School District.

Athletic programs are voluntary, educational opportunities in this district.

- GOALS:
1. Good sportsmanship and rules of fair play
  2. Teamwork
  3. Esprit
  4. Self-esteem and emotional growth
  5. Goal setting - team and individual
  6. Leadership skills

7. Knowledge of rules and game strategy
8. Physical skills

Winning is not for the glorification of the coach, team, student, or parent - it is one of the outcomes of competition. This is not to say that winning is not important. Winning is, and must be, a goal of competition. This school district encourages the coach to use all players in trying to win.

## **ATHLETICS AND OTHER CO-CURRICULAR ACTIVITIES**

These policies are the responsibility of those respective departments and will be administered and enforced by them. Copies of these policies will be in the student extra-curricular handbook.

## **RULES FOR EXTRACURRICULAR ACTIVITIES**

5th & 6th grade students participating in junior high activities must meet the requirements listed in the extra-curricular handbook.

Visitors access to classrooms and instructional activities are subject to reasonable restrictions and limits. Please consult with the Principal regarding these restrictions.

## **BUS TRANSPORTATION TO SCHOOL**

As a student who is furnished transportation to and from the school by bus, you enjoy a privilege many pupils do not have.

The state of Wisconsin has certain rules concerning buses.

- While on the bus, the students are under the authority of and directly responsible to the bus driver for orderly conduct.
- Cases of disorderly conduct or of refusal to abide by the authority of the bus driver and/or chaperone will result in disciplinary action. Loss of bus privilege will be the result.

Video cameras have been installed on the buses to assist in controlling behavior by students riding the bus. Missing the bus in the morning does not constitute an acceptable excuse for missing school.

## **BUS SAFETY RULES**

- Bus drivers reserve the right to assign bus seats as needed.
- Students in grades 7-12 will sit in their assigned area as directed by the bus driver:
  - If overcrowding occurs, it may be necessary to assign a temporary seat for that run.
- When windows are open, there shall not be any part of the body out the window. If this happens, the window must be closed.
- **NO FOOD OR DRINK** shall be consumed on the bus.
- Stay in your seat at all times.
- Stay seated until the bus stops at your designated bus stop.
- Stay quiet at all railroad crossings.
- NO toys, hats, gloves, and book bags are to be on the floor of the bus.

- The first time this happens, they will be given back to you at your designated bus stop.
- The second time this happens, they will be turned in to the principal.
- Sit the proper way in the seat at all times.
- BE ON TIME!!!!
- No throwing of objects in the bus at any time.
- No standing when the bus is moving.
- No pushing when in the seat and when getting off or on the bus.
- No fighting on the bus.
- No yelling or shouting at any time.
- No playing of band instruments on the bus.
- No spraying of perfume, body sprays, deodorant, etc. as others may be allergic.

## **PENALTIES FOR INFRACTIONS**

A student who engages in misconduct on a bus shall be subject to discipline and may be deprived of the privilege of riding on the bus.

## **PROCEDURES FOR NON ASSIGNED BUS RIDERS**

1. All students are assigned to a specific bus route.
2. Students who are to ride a different bus on pre-scheduled days (for example, day care providers) may meet the obligation of notification by one note from a parent or guardian. For example, if a student is to take a bus route home on Tuesday and Thursday and a different bus route to the daycare center on Monday, Wednesday, and Friday, this can be accomplished by one note and the student will be considered assigned to those busses on those days.
3. Students riding a different route than that assigned must provide a written note from a parent or guardian to the office in the morning. For grades 7-12, this will be the attendance officer. Students will be allowed on the requested route if space permits. (Note: there may be a problem if a large group of students are requesting the same route for something such as a birthday party)
4. Students will not be dropped off at houses that are not on the regular bus route.
5. One school bus will stop near enough to each of the daycare centers to allow pick up and drop off on both the morning and afternoon routes.
6. In emergency situations, students will be allowed to ride a bus different than their assigned bus with a phone call to the office (elementary or high school) from a parent or guardian (no more than twice a per year).
7. Extended riding of a non assigned bus can be arranged with one note from a parent or guardian. An example of this is if the student will be staying with another family on a different bus route for two weeks. Again in this situation, the bus route will not be modified to encompass houses not on the route.

## **BUS CHAPERONING**

- A. The chaperone and bus driver are in complete charge of the trip. The chaperone should consult the driver concerning expectancies while on the bus.
- B. The chaperone's word is law; students are representatives of Solon Springs High School and are expected to obey instructions of chaperones without question.
- C. All regular on campus school rules apply to bus trips: No use of tobacco or any controlled substance, and no use of alcohol.

- D. Any students violating these rules will be reported for disciplinary action, and/or the remainder of the trip may be suspended.
- E. D. Attendance should be checked carefully before departure and return.
- F. Absolute quiet is necessary at railroad crossings. Any actions deemed distracting to the bus driver shall cease upon request.
- G. The chaperone should be seated in a central position on the bus.
- H. Any student riding a fan bus to an activity will return on that bus unless prior approval is granted by administration.
- I. Profanity and obnoxious conduct will not be tolerated.
- J. Any student may be excluded from a trip because of previous behavior on trips.

## **DRESS AND APPEARANCE**

The clothes that a person wears tend to express his/her personality and attitude. From an educational standpoint, we believe that a person will achieve more in his/her life if he/she keeps neat and clean and tries to look his/her best. We cannot allow any student to dress in a manner that is unsafe, unhealthy, or disruptive to education. Students and parents should be aware of clothing that may be considered disruptive. Parents may be required to come and get students improperly dressed.

Therefore:

1. Shoes must be worn at all times. Flip flops/thongs (unsafe shoes) are discouraged on the playground.
2. Clothes must be clean.
3. Hats, bandanas, other headwear, jackets, chains, and sunglasses are not to be worn in the building. Any of these items must be removed upon entering the building. These items may be worn out-of-doors. Any request for the removal (and proper storage) of these items that is not complied with will be dealt with as disrespect.
4. Clothing and school supplies which depict vulgarity or explicit sexual conduct or is deemed offensive as determined by administration will not be allowed.
5. Clothing and school supplies advertising an alcoholic beverage or any controlled substance is considered inappropriate and will not be allowed.
6. Belly shirts are not appropriate. Inappropriately short shorts are not allowed (suggested length of mid thigh or longer)
7. Shirts which expose bare shoulders, cleavage, navel or abdomen are inappropriate. This specifically includes tank tops with straps less than 2" muscle shirts, and pants which hang down below the beltline. Undergarments should not be showing.
8. Any item that is considered disruptive or dangerous to a student or others in the classroom.
9. Clothing considered nightwear, i.e. pajamas, including but not limited to slippers, loungewear, nightshirts, and pajama pants will not be allowed.
10. Students will adhere to the rules for Dress and Appearance when representing the school as part of a school sponsored activity. These activities include, but are not limited to concerts, competitions, banquets, trips, and fundraisers whether held on or off school grounds.

## **VIDEO SURVEILLANCE**

The Board of Education has authorized the use of video surveillance and electronic monitoring equipment at various school sites throughout the school. Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action.

## **VENDING MACHINES**

Vending machines are off-limits to elementary students. Students will be written up for noncompliance if caught with items from these machines.

## **CELLULAR PHONES**

The use of cellular phones by students is **prohibited between the hours of 8:00 a.m. and 3:30 p.m.** The school is not responsible for lost or stolen cell phones. Failure by a student to surrender a cell phone that is operational between 8:00 a.m. and 3:30 p.m. will be viewed as insubordination. If elementary students have a phone in their possession, they should turn it into the office during school hours.

## **MUSIC PLAYERS AND ELECTRONIC GAMES**

CD players, Ipods, MP3 players, radios,, electronic games, etc. are not to be brought to school unless required for a class activity or to be used after school hours. In either case, **they are to be turned in to the office for safe keeping until needed.** They are not to be played in the halls. The school is not responsible for lost or stolen items.

## **TOY GUNS AND WEAPONS**

Toy guns and weapons are **not allowed in the school building and shall be confiscated.**

## **LASER DEVICES**

Laser pointers, laser pens, and other similar devices **are not allowed in the school building and shall be confiscated.**

## **BICYCLES**

During appropriate weather, students may ride their bikes to school. Students that do ride bicycles to school are required to place them in the rack immediately upon their arrival and to leave them there until students are dismissed at the end of the day. It should be understood that students are assuming their own responsibility for the bikes while at school. Bicycle riders should not arrive at school before 8:00 a.m.

## **TEXTBOOKS**

Textbooks are loaned to students for their use during the school year. Care of books is the student's responsibility and books are to be returned to the teacher at the conclusion of the year. A fine will be levied for lost or damaged books. Lost books must be paid for before another book is issued.

## **STUDENT EDUCATION TECH ACCEPTABLE USE AND SAFETY**

Students are encouraged to use the school's computers/network and Internet connection for educational purposes. Use of such resources is a privilege, not a right. Students must conduct themselves in a responsible, efficient, ethical and legal manner. Unauthorized or inappropriate use, including any violation of the school's policies and administrative guidelines, may result in ***cancellation of the privilege, disciplinary action consistent with the school's rules, and civil or criminal liability***. Smooth operation of the school's network requires everyone to follow the school's policies and administrative guidelines. Prior to accessing the Internet at school, students must sign the Student Education Technology Acceptable Use and Safety Agreement each year.

The School District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District, there should be no expectation of privacy regarding such materials.

## **SCHOOL LUNCH PROGRAM**

The cafeteria, besides being a lunch room, is also a place where good human relations can be developed. Here each student is expected to practice the general rules of good manners which one should find in the home. Food and beverages are to be consumed in the cafeteria, unless special arrangements have been made by a staff member with administration.

The family food account is expected to be paid in advance. When a family food account is in deficit in the amount of \$25.00, a written notice is sent to the parent/guardian notifying them that all meals must be prepaid in order to have their student receive the hot lunch each day. PreK through 6 students will receive a sandwich and milk. The prepaying of meals requirement will stay in place until the account is paid in full. The school district reserves the right to take further actions to collect unpaid balances when necessary.

Ordering of delivery food during school hours is not permitted. This is in violation of the school lunch program. This is direct delivery from a business or delivery from a parent, family member, or friend.

**PLEASE APPLY FOR FREE AND REDUCED MEALS FOR YOUR CHILDREN, THIS WILL HELP THE DISTRICTS ELIGIBILITY FOR STATE AND FEDERAL GRANTS.**

## **TRANSPORTATION CONCERN**

Anytime a concern is raised about transportation, a Transportation Concern form must be completed by the concerned party(s). Blank forms will be part of the student handbooks with extra

copies available at the school office. This requires the person(s) to accept responsibility for the information provided.

The completed form will go to the transportation director to review the concern. If the concern is not valid, the transportation director will respond on the bottom of the form indicating why this position was taken.

If the concern is valid, the transportation director will ask the other party involved to complete the bottom section of the form. After the lower section has been completed, the transportation director will then again review the concern from both viewpoints and make recommendations to address the concern. The response will be in writing, returning copies to all concerned persons.

Keep a copy of all records with regard to the concern in a file.

Anyone unhappy with the results of the transportation concern review may follow the due process procedure for our school district. This process provides protection to all parties involved and provides documentation should the concern occur again.

## **TOBACCO PRODUCTS, ALCOHOL, AND CONTROLLED SUBSTANCES**

Since the negative health effects of smoking are no longer debatable, and there is evidence that youngsters model adult behavior, it shall be the policy of the board of education to prohibit the use of all tobacco products in all of the educational facilities and vehicles at all times, and by all people.

Student use of tobacco products, alcohol or controlled substances or imitations of these in the building or on school grounds is forbidden. Students in violation of this regulation are subject to suspension and expulsion.

In addition to penalties, we strongly believe in honesty and admitting if a student has a problem in this area. To meet our responsibility, we have established a drug and alcohol program. Ask your teacher if you want to know more.

## **DUE PROCESS PROCEDURES**

"Due Process" is a procedure which the courts of law recognize as a necessary part of any rules and regulations. Due process, furthermore, recognizes the rights of the individual, since it outlines his recourse in the event he feels a wrong decision has been made. The due process steps outlined hereafter constitute the procedure for a student and his/her parents to follow in appealing administrative decisions relating to eligibility or suspension.

It should be understood that students and parents will be expected to follow the "due process" steps in the event legal action should be initiated at some later date.

## **DUE PROCESS STEPS**

- After a ruling resulting in suspension has been made, a student and/or his/her parents may formally appeal the decision in writing to the principal provided an appeal is received within five (5) days from the first day such suspension shall take effect.
- The principal within three (3) days of receipt of such written appeal shall formalize the decision in writing and send a letter by registered mail to the parents, outlining the specific

details relating to (a) violation or infraction, (b) date of violation or infraction, (c) period of suspension and, (d) any other pertinent information.

- After an appeal has been received, and the school's formal reply is mailed to the parents, a date for a hearing will be established by the principal. This date will be no later than seven (7) days after receipt of the written appeal of the student and his/her parents.
- Present at the hearing, in addition to the principal and district administrator of the school, will be the student and his/her parents.
- The student will be provided with an opportunity to testify and present other evidence on his/her behalf at the hearing. Proceedings of the hearing, including the decision of the District Administrator will be put in writing and a copy of these proceedings will be mailed to the student and his/her parents.
- At the end of each quarter the School District of Solon Springs recognizes all students who have not received any discipline notices for the quarter. A reward of some type is given to those students who have shown exemplary behavior.

Early detection, through close observation and immediate and fair consequences, are effective deterrents in dealing with inappropriate behavior.

School staff will use methods to encourage early parental/guardian involvement which includes the following:

1. Personally talking with parents/guardians whenever possible
2. A phone call to parents/guardians whenever possible

4. Written communication which may include:

Suspension excludes attendance and participation in extracurricular activities on the day of suspension. Procedures for suspension are governed by Wis. Stat. Section 120.13(1)(b). Any student about to be suspended shall be allowed an opportunity to explain his/her side of the story before the suspension is invoked. The principal and/or administrator will make a reasonable effort to have a parent/guardian conference before the student returns to school. # School District of Solon Springs: 1:1 Chromebook Handbook

## Technology Vision Statement

The vision of the School District of Solon Springs is for technology to be a seamless, transparent part of the educational environment, a tool that's used to enhance a student's ability to learn. Graduates of the Solon Springs School District will be able to successfully adapt to an ever-changing global society by being able to select the appropriate technology for the task and apply it.

### Receiving Your Chromebook:

Chromebooks will be distributed in upper elementary, MS, and HS prior to the beginning of the semester.

#### **Training:**

Students will be trained on how to use the Chromebook by their teacher. Training documents and videos will be available online for students to refer to when needed.

#### **Return:**

Students in grades receiving individual Chromebooks and accessories (sleeve) will be collected at the end of each school year for maintenance over summer vacation.

Any student who transfers out of the School District of Solon Springs will be required to return his/her Chromebook and accessories. If a Chromebook and accessories is not returned, the parent/guardian will be held responsible for payment in full. If payment is not received the parent/guardian may be turned over to a collection agency.

### Taking Care of Your Chromebook:

Students are responsible for the general care of the Chromebook which they have been issued by the school. Chromebooks that are broken or fail to work properly must be taken to the designated school person. If a loaner Chromebook is needed, one will be issued to the student until the Chromebook can be repaired or replaced.

#### **General Precautions:**

- No food or drink is allowed next to your Chromebook while it is in use.
- Cords, cables, and removable storage devices must be inserted carefully into the Chromebook.
- Students should never carry their Chromebook while the screen is open.
- Chromebooks should be shut down when not in use to conserve battery life.
- Chromebooks should never be shoved into a locker or wedged into a book bag as this may break the screen.

- Do not expose your Chromebook to extreme temperature or direct sunlight for extended periods of time. Extreme heat or cold may cause damage to the laptop.
- Always bring your laptop to room temperature prior to turning it on.

### **Carrying the Chromebook:**

The protective shell of the Chromebook will only provide basic protection from everyday use. It is not designed to prevent damage from drops or abusive handling. Carrying the Chromebook in the issued padded sleeve or case in a backpack or book bag is acceptable provided the backpack or bookbag is handled with care. For example, you shouldn't toss the bag or drop the bag if your Chromebook is inside.

### **Screen Care:**

The Chromebook screen can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on top of the Chromebook.
- Do not place anything in the carrying case that will press against the cover.
- Do not poke the screen.
- Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, notebooks).
- Clean the screen with a soft, dry anti-static, or micro-fiber cloth. Do not use window cleaner or any type of liquid or water on the Chromebook. You can also purchase individually packaged pre-moistened eyeglass lens cleaning tissues to clean the screen. These are very convenient and relatively inexpensive.

## **Using Your Chromebook**

### **At School:**

The Chromebook is intended for use at school each and every day. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars, academic handbooks, student handbooks and schedules will be accessed using the Chromebook. Students must be responsible for bringing their Chromebook to all classes, unless specifically advised not to do so by their teacher.

### **At Home:**

All students are required to take their Chromebook home each night throughout the school year for charging. *With the exception of elementary students whose chromebooks will remain at school. Chromebooks must be brought to school each day in a fully charged condition.* Students need to charge their Chromebooks each evening. If students leave their Chromebook at home, they must immediately phone parents to bring the Chromebook to school. Repeat violations of this policy will result in referral to administration and possible disciplinary action.

### **Sound:**

Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes. The use of individual headphones/earbuds is encouraged.

### **Printing:**

*At School:* Printing functionality will be available on a limited basis at school and subject to classroom requirements. Teaching strategies will facilitate digital copies of homework.

*At Home:* The Chromebook will not support a physical printer connection. Instead, users may print to their home printers using the Google Cloud Print service. A wireless home network is required for this. <http://google.com/cloudprint>

## **Managing Your Files and Saving Your Work:**

Students may save documents to their Google Drive, or they may save to an external memory device such as a USB flash drive. Saving to Google Drive will make the file accessible from any computer with internet access. Students using Google Drive to work on their documents will not need to save their work, as Drive will save each keystroke as the work is being completed. It will be the responsibility of the student to maintain the integrity of their files and keep proper backups. Students will be trained on proper file management procedures.

## **Personalizing the Chromebook:**

**Chromebooks must remain free of any decorative writing, drawing, stickers, paint, tape, or labels that are not the property of The School District of Solon Springs.**

Students may add appropriate music, photos, and videos to their Chromebook. Personalized media are subject to inspection and must follow the School District of Solon Springs Acceptable Use Policy

## **Software on Chromebooks:**

### **Originally Installed Software:**

Chromebook software is delivered via the Chrome Web Store. These are web-based applications that do not require installation space on a hard drive. Some applications, such as Google Drive, are available for offline use. The software originally installed on the Chromebook must remain on the Chromebook in usable condition and easily accessible at all times.

All Chromebooks are supplied with the latest build of Google Chrome Operating System (OS), and many other applications useful in an educational environment. The Chrome OS will automatically install updates when the computer is shutdown and restarted.

From time to time the school may add software applications for use in a particular course. This process will be automatic with virtually no impact on students. Applications that are no longer needed will automatically be removed by the school as well.

### **Virus Protection:**

Virus protection is unnecessary on the Chromebook due to the unique nature of its design.

### **Additional Software:**

Students are unable to install additional software on their Chromebook other than what has been approved by the School District of Solon Springs.

**Inspection:**

Students may be selected at random to provide their Chromebook for inspection. The purpose for inspection will be to check for proper care and maintenance as well as inappropriate material being carried into the school.

**Procedure for Restoring the Chrome OS:**

If technical difficulties occur, technical support staff will use the “5-minute” rule. If the problem cannot be fixed in 5 minutes, the Chromebook will be restored to factory defaults. In a One-to-One environment it is impossible for support staff to maintain a working environment for all if too much time is spent fixing every glitch that may arise. Restoring the Chrome OS will restore the device to the state in which the user originally received it. All student created files stored on a USB flash drive, or Google Drive will be intact after the operating system is restored. All files saved on the Chromebook that have been synced to Google Drive will be intact. However, all other data (music, photos, documents) *stored on internal memory that has NOT been synced* will not be restored unless the student requests that an attempt be made to salvage it.

## **Protecting & Storing Your Chromebook:**

**Chromebook Identification:**

Chromebooks will be labeled in the manner specified by the school.

Chromebooks can be identified in the following ways:

- Record of serial number and School District of Solon Springs asset tag
- Individual’s Google Account username

*Under no circumstances are students to modify, remove, or destroy identification labels.*

**Storing Your Chromebook:**

When students are not monitoring their Chromebook, they should be stored in their lockers in the provided padded sleeve.- Nothing should be placed on top of the Chromebook, when stored in the locker. Students need to take their Chromebook home with them every night. The Chromebook is not to be stored in their lockers or anywhere else at school outside of school hours. The Chromebook should be charged fully each night at the student’s home. Chromebooks should never be stored in a vehicle.

**Storing Chromebooks at Extracurricular Events:**

Students are responsible for securely storing their Chromebook during extra-curricular events.

**Chromebooks Left in Unsupervised / Unsecured Areas:**

Under no circumstance should a Chromebook be stored in unsupervised areas. Unsupervised areas include the school grounds and campus, the cafeteria, unlocked classrooms, media center, locker rooms, dressing rooms, hallways, bathrooms, extra-curricular bus, in a car, or any other entity that is not securely locked or in which there is not supervision.

Unsupervised Chromebooks will be confiscated by staff and taken to the Principal’s office. Disciplinary action will be taken for leaving a Chromebook in an unsupervised location.

# Repairing or Replacing Your Chromebook:

## Chromebooks Undergoing Repair:

- Loaner Chromebooks may be issued to students when they leave their Chromebook for repair.
- If repair is needed due to malicious damage, the school may refuse to provide a loaner Chromebook.
- Repaired Chromebooks will end up with the original factory image as first received. It is important that students keep their school data synced to cloud drives so documents and class projects will not be lost. Personal information that cannot be replaced should be kept at home on an external storage device.
- Students and parents will be charged for Chromebook damage that is a result of misuse or abusive handling. Parents will be billed for parts and labor.

If a Chromebook becomes defective (at no fault of the student) after the initial warranty expires, The School District of Solon Springs will replace the Chromebook at no charge with a refurbished Chromebook of the same age or newer.

## Intentional Misuse or Abuse:

The School District of Solon Springs will require that a police report be submitted in cases of theft. Fraudulent reporting of theft will be turned over to the police for prosecution. A student making a false report will also be subject to disciplinary action as outlined by the school discipline code.

**Parents/Students will be charged for full replacement cost of a device that has been damaged due to intentional misuse or abuse.**

## Chromebook Technical Support:

Mr Zosel will be the first point of contact for repair of the Chromebooks. Services provided by Mr Zosel include:

- User account support
- Coordination of warranty repair
- Distribution of loaner Chromebooks
- Hardware maintenance and repair
- Operating System or software configuration support
- Restoring Chromebook to factory default
- System software updates

## 1:1 Day Use Policy/Procedures

Day Use Policy is limited to those students whose parents refuse the issuance of a Chromebook to their child for a variety of reasons OR if a student has lost the use of an individual Chromebook.

Students who work within the parameters of the Day Use Policy are still required to complete all assignments issued by his/her teacher. They may complete these on-line at home using a home

device or they may complete them in a pencil-paper format. Individual directives on assignments will be given by the classroom teacher.

Students should go before school to their teacher and check out a Chromebook each day. They must return their Chromebook to the teacher prior to them leaving the school for the day-regular dismissal time or whenever they leave. While this may seem an inconvenience, we do not have the luxury of having extra Chromebooks in each classroom.

Day Use Chromebooks will be marked via their protective cases for identification. Students are still responsible for the care of this Chromebook. Parents are responsible for any damage to the Chromebook during day use and may be subject to a repair fee. A student may lose the use of a Chromebook at the discretion of the administration.

# **APPENDIX A**

## **SCHOOL DISTRICT OF SOLON SPRINGS**

### **STUDENT CONDUCT**

#### **PURSUANT TO SECTION 118.164, WISCONSIN STATUTES**

##### STATEMENT OF PRINCIPLE

The District recognizes and accepts its responsibility to create, foster, and maintain an orderly and safe class environment, conducive to teaching and to the learning processes. Every member of the school community is expected to cooperate in this central mission. Staff, including administrators and teachers, must use their training, experience and authority to create schools and classes where effective learning is possible. Students are expected to come to school, and to every class ready and willing to learn. Parents should be aware of their children's activities, performance and behavior in school, and are asked to cooperate and consult with the school to prevent or address problems.

The District has a legal duty to make its schools as free as possible of the dangers of violence, weapons, drugs, and other behavior harmful to the educational environment. This duty is enforced through the District's policy on suspension and expulsion, which provides procedures by which students maybe removed from the school community either temporarily, or in the case of certain expulsions, permanently.

But equally important, the District owes its students, as a group, the opportunity to attend school as free as reasonably possible from unnecessary and unwarranted distraction and disruption, particularly by those relatively few students who, for whatever reason, are unwilling, unready or unable to avail themselves of the opportunity for an education. Such behavior , while not necessarily so serious or pervasive to warrant suspension or expulsion, can be nearly as destructive to the educational environment. Such behavior warrants, at a minimum, that the student be removed temporarily from the class or activity ("short term removal" or "temporary removal"). Such removal serves the multiple purposes of eliminating (or minimizing) the disruption, of reinforcing the District's strong commitment to an appropriate educational environment, and of allowing a "cooling off" period, for disciplinary or other reasons, short of suspension or expulsion.

In other circumstances, the student's conduct, or the best interests of the student and the other members of the class, may warrant longer term removal from the class ("long term removal"). Long term removal may, but need not always, be for disciplinary purposes.

Beginning August 1, 1999, a teacher employed by the District may temporarily remove a pupil from the teacher's class if the pupil violates the terms of this Code of Student Conduct (the "Code"). In addition, long term removal of a student will be possible if the building administrator upholds a teacher's recommendation that a student be removed from the class for a longer period of time. Removal from the class under the Code does not prohibit the District from pursuing or

implementing other disciplinary measures, including but not limited to detentions, suspension or expulsion, for the conduct for which the student was removed.

## 1. WHAT ARE THE GROUNDS FOR DISCIPLINARY REMOVAL FROM CLASS?

A student may be removed from class for conduct or behavior which (a) violates the District's policies regarding suspension or expulsion; (b) violates the behavioral rules and expectations set forth in the Student Handbook; (c) is disruptive, dangerous or unruly; (d) which incompatible with effective teaching and learning in the class.

Removal is a serious measure, and should not be imposed in an arbitrary, casual or inconsistent manner. Behavioral expectations are always more constructive, and more likely to be followed, where their terms are communicated as clearly as possible to students and staff. However, it is neither possible nor necessary to specify every type of improper or inappropriate behavior, or every in appropriate circumstance, that would justify removal under the Code. A teacher's primary responsibility is to maintain an appropriate educational environment for the class as a whole. Therefore, notwithstanding the provisions of the Code, in every circumstance the teacher should exercise his or her best judgment in deciding whether it is appropriate to remove a student temporarily from class.

In ordinary circumstances and in practical terms, a teacher's decision to remove a student temporarily from class will stand. However, there may be circumstances when the building administrator may, exercising his or her discretion, overrule the teacher's decision to remove the student, and return the student to class.

### a) Behavior that violates the District's policies on suspension and expulsions

The District Policies regarding suspension and expulsion are set forth in [specify code section(s)]. It should be noted that decisions regarding suspension are made by building administrators, and recommendations for expulsion are made by the District's central administration. Thus, a teacher's decision to remove a student from class for behavior that violates the District's policies regarding suspension and expulsion may, but does not necessarily, mean that the student will also be suspended or expelled.

### (b) Behavior which is disruptive, dangerous or unruly

Notwithstanding any inconsistent or contrary provisions in the District's policies regarding suspension and expulsion, or in the Student Handbook, for the purposes of the Code the following behavior, by way of example and without limitation, may be determined to be disruptive, dangerous or unruly so as to warrant removal from class:

Inappropriate physical contact intended or likely to hurt, distract or annoy other, such as hitting, biting, pushing, shoving, poking, pinching, or grabbing.

Repeated inappropriate verbal conduct intended or likely to upset, distract or annoy other, such as name calling, teasing, or baiting.

Behavior that may constitute sexual or other harassment.

Repeated or extreme inappropriate verbal conduct likely to disrupt the educational environment, particularly when others are talking (e.g. lecture by teacher, response by other student, presentation by visitor) or during quiet (study) time.

Throwing any object likely to cause harm or damage, such as books, pencils, scissors, ect.

Inciting other students to act inappropriately or to disobey the teacher or school or class rules.

Destroying the property of the school or another student.

Loud, obnoxious or outrageous behavior.

(c) Behavior which interferes with the ability of the teacher to teach effectively

Students are required to cooperate with the teacher by listening attentively, obeying all instructions promptly and responding appropriately when called upon. A student's non compliance may in turn, distract others either by setting a bad example or by diverting the class from the lesson to the student's inappropriate behavior. By way of example and without limitation, a student may be removed for behavior which constitutes:

Open Defiance of the teacher, manifest in words, gestures or other overt behavior

Open disrespect of the teacher, manifest in words, gestures, or other overt behavior

Other behavior likely or intended to sabotage or undermine the instruction

(d) Behavior which is inconsistent with class decorum and the ability of others to learn

In addition, there may be grounds for removal for behavior which, though not necessarily violative of the provisions of (a) through (d) [above], is inconsistent with basic classroom decorum. Such behaviors may, in the determination of the teacher, warrant removal because of its interference with the ability of others to learn effectively.

2. WHAT ARE OTHER, NON-DISCIPLINARY REASONS FOR REMOVAL OF A STUDENT FROM CLASS?

In some cases, a teacher may believe that a student should be removed from the class for the good of the student and in the best interest of the class as a whole. Such reasons may, but need not, be disciplinary in nature, and include for purposes of illustration and without limitation, irreconcilable personality differences or issues between the student and other students, or in rare circumstances, between the student and the teacher.

3. WHO MAY REMOVE A STUDENT FROM CLASS?

Any student may be temporarily removed from class under this Code by a teacher of that class. For the purpose of this Code, “student” means any student enrolled in the District, exchange student, or student visitor to the District’s schools.

Any student may be removed on a long-term basis from a class based upon the request of a teacher as upheld and implemented in the discretion of the building administrator.

For the purposes of this code, a “class” is any class, meeting or activity which students attend, or in which they participate while in school under control or direction of the District. This definition of “class” includes, without limitation, regular classes, special classes, resource room sessions, labs, library time, counseling groups, assemblies, study halls, games, dances, lunch, or recess. “Class” also includes regularly scheduled district-sponsored extracurricular activities, either during or outside of school hours. Such activities include, by example and without limitation, District sponsored trips, after-school clubs, and sporting activities.

A “teacher is any certified instructor, counselor, nurse or administrator in the employ of the District.

A “teacher of that class” means the regularly assigned teacher of the class, or any teacher assigned to teach, monitor, assist in or oversee the class. This definition includes, without limitation, any assigned substitute teacher, proctor, monitor, or group leader. Where there is more than one teacher in a class, any teacher may remove a student from that class, upon informing the other teacher(s) of his/her intent to do so. It is advisable, though not absolutely required, that all teachers of a class assent to the removal of the student.

A “building administrator” means a principal of a school or other individual duly designated by the building administrator or District Administrator.

#### 4. WHAT PROCEDURES MUST BE FOLLOWED IN TEMPORARILY REMOVING A STUDENT FROM CLASS?

Except where behavior is extreme, a teacher should generally warn a student that continued misbehavior may lead to temporary removal from class. When the teacher determines that removal is appropriate, the teacher should take one of the following courses of action:

- a) instruct the student to go to the main office for the period of removal. In such case, the teacher should send a note with the student.
- b) obtain coverage for the class and escort the student to main office.
- c) seek assistance from the main office or other available staff. When assistance arrives, The teacher or othe other adult should accompany the student to the main office.

When the student arrives at the main office, the building administrator or designee should give the student the opportunity to briefly explain the situation. If the building administrator or designee is not available immediately upon the student’s arrival, the student should be taken to the removal area, and the administrator or designee should speak to the student as soon as practicable

thereafter. For the purposes of short term removal, it is not necessary to obtain witnesses or to otherwise verify the student's or teacher's accounts of the situation.

Within twenty four (24) or one business day of the removal, whichever is longer, the teacher shall submit to the building principal or designee a short and concise written explanation of the basis for the removal. Such information may be submitted on a form provided by the building administrator or designee.

As soon as practicable, but in any event within twenty four (24) hours of the removal, the building administrator shall inform the student's parents that the student was removed from class. Such notice may be by telephone. The parents of the student shall be sent written notice of the removal postmarked within two business days of the removal. Such written notice shall specify the class from which the student was removed, the duration of the removal, and the basis for the removal as stated by the teacher. The building administrator or designee shall keep written logs or records regarding unsuccessful attempts to contact the parents in accordance with this provision.

5. WHERE SHALL STUDENTS BE SENT PENDING, AND DURING SHORT TERM REMOVAL FROM CLASS?

Prior to the initiation of the 1999-2000 school year, each building administrator shall designate a room or other suitable place where students shall remain during any period of removal from the classroom (the "short-term removal area").

Students who are removed by their teachers must immediately and directly go, or be taken, to the main office. For the duration of the removal, the student shall stay in the short term removal area. In the discretion of the building administrator or designee, the student may instead be sent to another appropriate class, program, or educational setting, provided the student is supervised in such alternative setting. The building administrator should also take steps to ensure that the students are supervised while in the short term removal area. The general, students should be required to do work of an academic nature while in the short term removal area. Such work should ordinarily be related to the work in the class from which the student was removed, or may be related to the student's misconduct (e.g. writing an apology or account of the situation). In no event should student's time in the removal area be recreation or other free time.

6. HOW LONG SHALL A SHORT TERM REMOVAL LAST?

Removal is a serious matter, and should not be taken lightly either by the teacher or the student. In most cases, a student shall remain in the short term removal area for at least the duration of the class or activity from which she or he was removed. Prior to allowing the student to resume his/her normal schedule, the building principal or designees shall speak to the student to determine whether the student is, or appears to be, ready and able to return to classes without a recurrence of the behavior for which the student was removed. In the event it is not deemed appropriate to return the student to regular classes, the building administrator or designee shall either retain the student in short term removal, or where necessary, appropriate and practicable, shall take steps to suspend the student.

7. WHAT ARE THE PROCEDURES FOR LONG-TERM REMOVAL?

Long-term removal is an extremely serious step, which should not be undertaken hastily or for less than compelling reasons. Such a step could have profound consequences for the affected student and his or her class, as well as any new class or teacher to which the student may then be assigned. For these reasons, long-term removal should not ordinarily be considered or implemented except after a thorough consultation, including a thorough consideration of alternatives between the teacher(s) and the building principal or designee. For the same reasons, long term removal should not ordinarily be considered on the basis of a single incident. Unlike short term removal, the ultimate decision regarding long-term removal rests with the building administrator.

Where a teacher believes that the best interests of the student and /or the class require long term removal, the teacher should so notify the building administrator in writing. Such statement should set forth as clearly and completely as possible (a) the basis for the removal request; (b) the alternatives, approaches and other steps considered or taken to avoid the need for the removal; (c) the impact, positive and negative, on the removed student; and (d) the impact, positive and negative, on the rest of the class.

Upon receipt of such statement, the building administrator may, in his/her discretion, consult with the teacher and /or other District staff. In most cases, it is appropriate to inform and consult with parents of the student, and the student, involved in the request for long-term removal.

Following consideration of the teacher's statement and any other information, the building administrator shall, in his/her discretion, take one of the following steps:

- a) Place the student in an alternative education program as defined by law;
- b) Place the student in another class in the school, or in another appropriate place in the school;
- c) Place the student in another instructional setting; or
- d) Return the student to, or retain the student in , the class from which he or she was removed or proposed to be removed.

In any event, a student in long-term removal must continue to receive an educational program and services comparable to, though not necessarily identical with, those of the class from which he/she was removed. Such program need not be in the precise academic subject of the student's former class.

Long-term removal is an administrative decision not subject to a formal right of appeal. However, the parents of the student and/or the student, shall have the right to meet with the building administrator and/or the teacher(s) who made the request for removal. Where possible, such meeting shall take place within three(3) business days of the request for a meeting. At the meeting, the building administrator shall inform the parents and/or student as fully as possible regarding the basis for the removal, the alternatives considered, and the basis for the decision. However, nothing in this Code shall prevent the building administrator from implementing a removal to another class, placement or setting prior to any meeting, and notwithstanding the objection of the parent(s) or student.

## 8. WHAT DISCRETION OR FLEXIBILITY IS APPROPRIATE FOR INDIVIDUAL

## TEACHERS, ADMINISTRATORS, AND SCHOOLS?

It is expected that administrators and teachers will meet prior to the implementation of the Code to arrive at a consensus regarding how its provisions should be interpreted and applied. However, this Code, and the procedures regarding removal, are intended primarily as tools to assist teachers to maintain an appropriate educational environment in their classes. Therefore, different teachers may have somewhat different views and practices regarding removal of students from their classes, either long or short-term.

Similarly, there are many, clear differences between the needs and practices of schools serving different grade levels. Just as there are different behavioral expectations for elementary and high school students the standards for removal may well differ from one school, grade or class to the next.

Teachers and administrators of each school are encouraged to discuss their individual views, philosophies and practices regarding removal of students.

### 9. TO WHAT EXTENT IS REMOVAL APPLICABLE TO STUDENTS IDENTIFIED AS DISABLED UNDER THE IDEA?

Some different rules and considerations apply for students identified as requiring special education services under the IDEA or Section 504. In particular, placement for such students is a decision of the student's IEP team, subject to stringent procedural safeguards and cannot be made unilaterally by teachers or administration. In addition, most students covered by IDEA should have a behavioral plan, which was address(a) whether and to what extent the student should be expected to conform to the behavioral requirements applicable to non-disabled students; and (b) alternative consequences or procedures for addressing behavioral issues. It is highly advisable that all IEP teams address these issues, and the Code, at least annually, setting forth the consensus of the IEP team regarding behavioral expectations and consequences.

Notwithstanding these issues, students identified a requiring special education services under the IDEA or Section 504 may, in general, be temporarily removed from class under the same terms and conditions as non-disabled students.

For the reasons noted above, no change in placement for more than ten (10) school days during a school year may be made for a student with disabilities outside of the IEP process. This ten (10) day limit applies to out of school suspensions as well as days of removal.

### 10. HOW WILL THIS CODE BE COMMUNICATED TO PARENTS AND STUDENTS?

Prior to the 1999-2000 school year, a copy of this Code shall be sent to each parent in the District. In addition, this Code shall be provided to, and discussed with, students of the District early in the 1999-2000 school year.
