Field Supplies & Gear

(These are essential for field experiences and times that we are outside. Start looking for good sales and gears at thrift shops or websites)

- **An old pair of comfortable tennis shoes or hiking boots** (We are going to be outside hiking often- We don't want you to buy a new pair of shoes for the first day of school and then have them look like they are a year old after the first week!)
- **Water bottle** (please bring a water bottle with a cover on it for use in the classroom and the field.)
- **Pencils** (enough to have plenty of extras if yours breaks in the field)
- **Jacket** (warm enough to cut the wind and chill on fall and spring field days)
- **Backpack** (To carry all of your field supplies! This is a requirement. Make sure you have a bag that goes on both shoulders- not an over the shoulder bag.)

- **Raincoat** (rain pants or water repellent pants are great too!)
- **Winter Coat** (insulated and waterproof)
- **Stocking Hat** (one that covers your ears)
- **Snow pants**
- **Neck Gaiter or Scarf**
- **Sleeping bag**
- **Winter Boots** (insulated and waterproof)
- **Gloves** (insulated and waterproof for chilly, wet days)
- **Wool Socks** (that go past your ankles)
- **Baselayer for the top and bottom** (“long johns” or “long underwear”)
