

Eagle Hour Protocol - 2022-23

As a staff, we agreed that...

- Students are assigned a home base and that is where they will stay (2 teachers and all kids in one spot)
- If students need to see a teacher, they need to get in the habit of asking during the day - teachers can give out passes!
- If students need to unexpectedly access a teacher during Eagle Hour, a phone call will be made to see if that teacher is available.
- Students will not have cell phones out
- Students may be on a computer if their work is complete and with teacher approval - otherwise, reading is an excellent option
- We will work together for consistency, which will lead to success for all students and staff - and lessen discipline!
- Students will not leave the room after 3:15 pm
- The shop is closed.
- Our actions will create a culture with high expectations!!!

Expectations to relay to students:

- Students will stay put
- Cell phones will not be out
- Students need to get in the habit of getting a pass from the teacher that they saw that day
- Food - up to teacher.
- Bring work to keep you busy or a book to read
- These expectations apply to everyone
